horoscopes?**

Horoscopes

A horoscope is a chart representing the positions of the Sun, Moon, planets, and the astrological aspects at the moment of a person's birth. Reading a horoscope is thought by some to gain insight into a person's character and tell the future. The basic belief of astrology is that planets and stars exert an influence upon our lives.

Horoscopes

Deuteronomy 18:10–14

Let no one be found among you who sacrifices his son or daughter in a the fire, who practices divination or sorcery, interprets omens, engages in witchcraft, or casts spells, or who is a medium or spiritist or who consults the dead. Anyone who does these things is detestable to the Lord, and because of these detestable practices the Lord your God will drive out those nations before you. You must be blameless before the LORD your God. The nations you will dispossess listen to those who practice sorcery or divination. But as for you, the LORD your God has not permitted you to do so.
